

Dear Y Families,

Again we want to thank each and every one of you for being patient with us. Numbers have been lower than expected and we are condensing to 4 child care sites. Please see below what site your child/ren will need to go to starting on Monday, March 23rd.

- **Vista** will host Edison, Hawthorne and Sunset View
- **Amon Creek** will host Cotton Wood and Ridge View
- **Canyon View** will host Cascade and Washington
- **Southgate** will host Fuerza, Lincoln and Sage Crest.

If there is a preference on your site, we are flexible, but you do need to call the office at 374-1908 prior to moving schools so we can assure all their information is switched to the correct site.

We are continuing to do wellness checks, but will be moving those to either the entry way or outside prior to entering the child care area.

Governor Inslee has asked that first responders and health care workers have priority in child care so they can continue to help community members who are most in need. We encourage you to stay home with your children, if possible. Email us at childcare@ymcatricities.org if you no longer need care.

Thank you,
Brianna Kimsey
Youth Development Director
YMCA Of The Greater Tri-Cities
